

# Unknown Identification Report

Name \_\_\_\_\_

**+** = positive

**—** = negative but test run

**n/a** = not applicable (test not run)

Unknown ID #		
	<u>Observations &amp; Results</u>	
Gram stain		
Colony characteristics - configuration - margin - elevation - pigment		
Cell shape and arrangement		
EMB - growth - lactose fermentation		
MacConkey agar - growth - lactose fermentation		
Mannitol salt agar - growth - mannitol fermentation		
Starch degradation		
Simmons citrate agar - growth		
Lactose broth - growth - acid production - gas production		
Sucrose broth - growth - acid production - gas production		
TSI - slant/butt (K or A) - gas production - H <sub>2</sub> S production		
SIM - sulfur - indole - motility		
Anaerobic growth		
Endospore production		
Catalase		
Miscellaneous		
Organism ID / name
