Weighting Conversion Table

Multiply total from each competency by the corresponding weight to produce the weighted total for each competency. The sum of all five weighted competency totals equals the grand total out of a possible total of 380. Individual faculty will specify the grade for this total according to the goals and outcomes described in their syllabus.

Competency	Total (from above)	Weighting	Weighted Total (Total X Weighting)
I.		.95	
II.		1.9	
III.		.57	
IV.		.95	
V.		.95	
Grand Total (Add Weighted Totals)			/ 380
